General technical info

Power supply	230 50 1	Volt Hz Phase
Motor power single phase	1200 (1,6)	Watt (hp)
Motor speed	7000	rpm
Acoustic emission	70	dB
Overall dimension (Width x Depth x Height)	330 x 245 x H. 155	mm
Weight standard machine	4,8	kg

• Chamfer - bevel unit

Bevel dimension (diagonal)	0 ÷ 8	mm
Bevel angle	45	°
Milling cutter diameter	ø 40	mm
Quantity of widia insert milling cutter	3	No.
Widia insert type/code	SPMA 12 04 08	ISO
Support table dimension	40 x 180	mm
Peripheral speed	15	m/sec

Standard Equipments

Machine respect CE stamp of compliance

- Machine with CE conformity mark made respecting the requirements of the most recent directives concerning it.
- Machine complete with instruction manual complete with CE conformity certificate, test sheet and exploded view with relative spare parts list.
- Machine equipped with a set of service keys suitable for the adjustment and maintenance of the machine.

Guarantee of European standards

The stringent tests guarantee that all the requisites and standards necessary to obtain the guarantee in accordance with European standards are respected. Since the project we dedicate a lot of care and attention to making the machine with high quality level to deliver machines that last over time.

Technical general information

- Hardened guides for precise straight bevels.
- Rotatable guides for operator convenience.
- Cutting depth adjustment.
- Cutter body complete with 3 widia inserts.

Technical modification

This product data sheet does not constitute a contractual obligation.

We reserve the right to modify and/or improve our machines without prior notice.
